Should we meet at 11? I am open this afternoon too. I am overwhelmed by the Dimock dataset and it will take some time to get through it!!

Yeah 3 cars. Trish and I are currently calling the residents. After one round of calls we have managed to confirm four that will be available. Hopefully more will respond to messages and recalls. My plan is to arrive mid-morning 10:30 and stay until early evening. Can the three of us meet Monday to discuss messaging?

Very respectfully,

David Polish
